

September 22, 2023

To Whom It May Concern:

We are providing this **attestation** as required by the *National Bioengineered Food Disclosure Standard* in *Title 7 of the Code of Federal Regulations Subpart D - Section 66.302(a)(4) Recordkeeping requirements*, which states, "Examples of customary or reasonable records that could be used to demonstrate compliance with the disclosure requirements of this part include, but are not limited to: supply chain records, bills of lading, invoices, **supplier attestations**, labels, contracts, brokers' statements, third party certifications, laboratory testing results, validated process verifications, and other records generated or maintained by the regulated entity in the normal course of business."

The products listed below do not contain a bioengineered ingredient but does contain ingredients derived from a bioengineered source that is highly refined and therefore do not contain any bioengineered substance. Due to this, these products do not require labeling at retail as a bioengineered food or containing a bioengineered food ingredient.
